Editorial

Greetings.

It has been our desire to improve the publication of the KARNATAKA SCOUT & GUIDE MAGAZINE in its get-up and more than all in the publication of articles of interest and great value to the scouts and guides. You will find that this issue has an attractive cover portraying some of the activities of our movement.

We desire to publish good colour and Black/White activity photographs; articles from Scouters & Guiders, Cubs & Bulbuls Scouts & Guides, Rovers & Rangers as well as supporters/well wishers of our movement in the future issues of our magazines.

We earnestly request all our readers to make an all out effort to keep sending reports and photographs of various activities and also articles to the Editor.

We also request the Scouters and Guiders to pass on the magazines to the boys and girls in the movement as we feel that it would greatly benefit them in particular and the movement in general.

Thank you.

Guide Movement and Character Formation

— Sr. Mary Anthony

It is an accepted fact that most teenagers of the present days are rebellious. The problem of youth is boiling at a high temperature today. This bursting out in a characterstic of the adolescent. Therefore the formation of character of our younger generation is of utmost importance at present.

The aim of the Guide movement is character development towards a happy citizenship through natural rather than artificial means. Character is largely a matter of environment and training and later an experience. As a rule, the mothers' influence gives the first impetus to character; but a mother cannot give what she herself does not possess and that is why it is important that the mothers of our country should possess character of a high quality so that they may be able to develop it in their children. More than ever the need for the formation of character of our young girls, who would be future mothers, is felt now, as the problems of teenagers remain unsolved.

Character means the possession of self reliance, self discipline, cheerfulness, consideration for others and a sense of duty and of patriotism. The Guide Movement enables a young girl to develop the above qualities by a strict adherance to the Guide motto, "Be prepared," the Guide law, and the promise she takes when she becomes a Tenderfoot guide, all blend together in such a way as to form her into a responsible citizen not only of her country, but of the world at large.

Let us take the guide motto 'Be Prepared.' It is to be achieved by being physically strong, mentally alert and morally straight. To have thought out before hand any situation that may have to be faced, is indeed a valuable training a guide receives. She knows what is to be done in a given situation.

The triple promise that a guide makes at her enrolment ceremony strengthens her in her effort to lead a new life. It involves one's duty to God, to her country and to her neighbour. Duty to God comes first. Although Guides may belong to many great religions of the world, such as Hinduism, Islam, Christianity, Buddhism etc., a guide knows that it is the same God who is worshipped in different forms of religion. She knows that she is in God's service and means to live up to the highest ideals of life as she knows and understands them. She learns to see God everywhere and in everything. Thus, living in the presence of God from day to day, she rises to a high state of morality and character.

Secondly, the guide's promise, "To do her duty to her country"; requires a great spirit of self sacrifice. A guide is above all party politics. Her life is dedicated

to the service and betterment of her country and people. A guide has to do one good turn atleast a day. Does it not involve her in many a sacrifice? The greatest need of our country at the moment is to have some great men and women endowed with the spirit of service—dedicated service and the spirit of self sacrifice. We, the people of India are painfully aware of a lack of wise, courageous, energetic and self sacrificing leadership at a time when India needs it most. Looking around one gets the impression that there is no dearth of skill and ability in the leaders of today, but one misses the quality of self sacrifice.

There are many generous hearted, enthusiastic, hard working and energetic youth in our country, but they do not make their presence felt in a dynamic and constructive way. They go on a rampage, destroy public and private property, walk out of examination halls, go on strikes, do violence to people in authority—these are not constructive ways.

Therefore the greatest service the Guide and Scout movement can do in this greatest need and crisis of our country is to keep a watchful and discerning eye for promising young people in our schools and colleges and nurture and train them with the high and lofty ideals of the Guide and Scout movement so that from among them may arise a body of men and women, who will show the way with integrity, ability and self sacrifice.

TEN WAYS TO REDUCE BODY WEIGHT

1. Bite well and eat slowly.
2. Do not eat before you feel hungry, question yourself whether you should eat. Once the hunger is over stop eating.
3. Always eat small quantities in a plate; Make it as a rule.
4. Before each meal, drink water, tea or coffee or any drinks which doesn't contain any calories.
5. Do not add salt.
6. Do not add sugar in drinks.
7. Take plenty of fruit salad.
8. Avoid cheese, fats, butter, margarine, cream etc.
9. Avoid high calorie diet: Ex: Ice cream, dry fruits, nuts etc.
10. Do not eat anything between meals.

VITAMIN 'A' HELPS TO PREVENT BLINDNESS

Sufficient intake of Vitamin 'A' available in large quantities is cheap foods such as dark green leafy vegetables, papaya, carrots and ripe mangoes will help to prevent blindness.

YOU CANNOT !

You cannot bring about prosperity by discouraging thrift.

You cannot strengthen the weak by weakening the strong.

You cannot help the wage-earner by pulling down the wage-payer.

You cannot further the brotherhood of man by encouraging class hatred.

You cannot help the poor by destroying the rich.

You cannot establish sound security on security of borrowed money.

You cannot build character and courage by taking away man's initiative and independence.

You cannot help men permanently by doing for them what they could and should do for themselves.

— Abraham Lincoln

Rope Craft

Parts of a Rope

The first step in handling rope and tying knots, is to learn the names of the parts of the rope and the parts of a knot. The rope has two parts. The end is the short, free part with which knots are tied. The standing part is the rest of the rope.

All knots are made by combining bights, loops and overhands in different ways. A bight is formed by turning the end of the rope so that the end and the standing part lie alongside each other. An overhand loop is made by crossing the end over the standing part. An overhand knot is a loop through which the end has been passed.

If you understand these terms, the instructions given here will also be easy to understand. Get your rope, and form a bight, a loop and an overhand knot.

There are, speaking generally, two kinds of rope:

(1) Laid rope used for most pioneering and camping;

(2) braided rope used for life lines, lariats and the like.

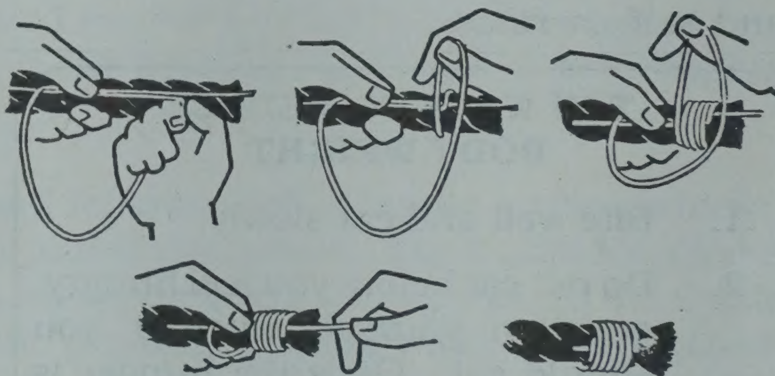

Laid rope may be made of hemp, sisal, jute or cotton fibers, twisted together into yarn. Two or more yarns are twisted into strands. Several strands are laid together to form rope. This is used for tent ropes, bridge building, etc.

A braided rope, such as clothes line or sash cord is made of strands of cotton or other material, interwoven in a complicated pattern. This type of rope is soft and flexible.

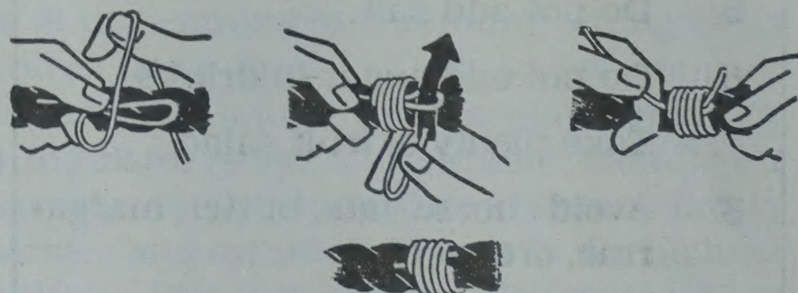

Whipping Rope

Before you have handled rope very long, you will discover one thing. Whether the rope is laid, or braided, the ends will ravel unless they are "whipped".

Use strong twine or cotton fishline. For a rope one-half inch in diameter, cut a three foot piece of twine.

Make a loop of a 3 foot length of twine and place at end of rope. Wrap twine lightly around rope, starting 1/4" from end of rope. When length of whipping equals diameter of rope pull ends of twine hard to fighten whipping. Trim twine close to whipping.

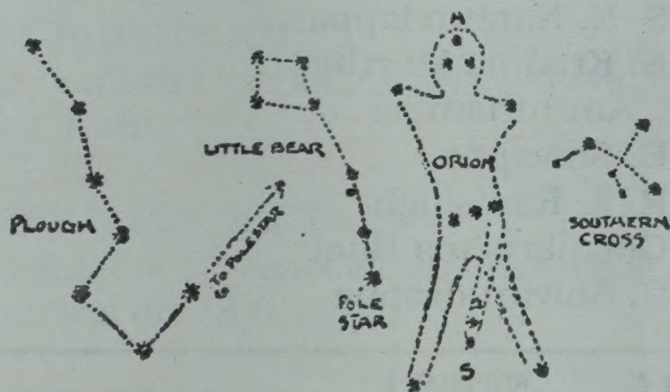

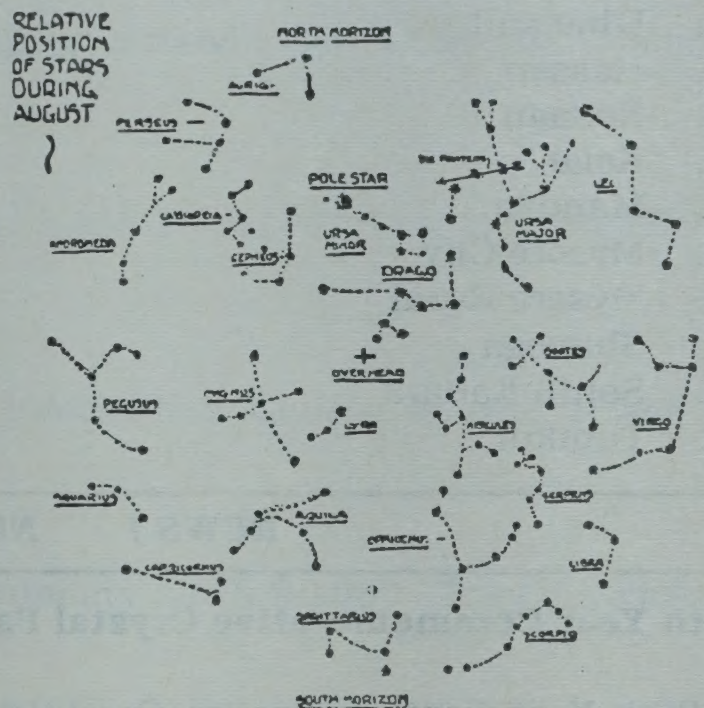

Another way to whip. Form a bight in end of piece of twine, and lay it 1/4" from end of rope. Wrap other end of twine around rope and loop until whipping equal diameter of rope. Place end of twine through loop. Pull loop under whipping. Trim loose end.

The Stars

Who is not fascinated by the wonder of the stars? Do you not feel a little awkward when someone, knowing you to be a Scout, asks you the name of that bright star, and you are unable to answer. Of course you do, and don't you wish you were able to answer. You don't feel exactly like an old-timer who by their aid was guided over the trackless prairie. If you are still afraid of being questioned, why not learn something of them. It is not necessary for you to learn all there is to know. This would be a life-long study, but every Scout should be able to point out the Pole Star, the Plough, Great Bear, Little Bear, Orion, Jupiter, Mars, Venus, and so on.

Many troops have the various constellations painted on the ceiling of their Scout headquarters. By continually catching sight of them, the formation and position are soon memorised and identification in the sky becomes quite easy. For the guidance of the beginner a sketch of a few constellations is given below.

WEIGHT OF THE EARTH !

The Earth was weighed by several scientists. Its weight was first found by experiment in 1797-98 by an Englishman Henry Cavendish. He estimated that the Earth weighs about five and a half times as much as an equal bulk of water, its weight being 12,500,000,000,000,000, 000,000 pounds. His estimate agrees very closely with the calculations of later experimenters.

HIGHEST ACTIVE VOLCANO IN EUROPE

The highest active volcano in Europe is Aetna (eastern Sicily, Italy). It sends lava and gases to a height of 100 metres.

INDIAN RAILWAYS LARGEST IN ASIA

On April 16, 1853, the first train rolled out of Bori Bunder (Bombay) towards its destination at Thana. Today, the Indian Railways is the largest in Asia and the second largest railway system in the world under single management. It has a wide network of more than 60, 700 route km of railway track.

GAMES

WE'RE ALL IN IT

The Cubs / Bulbul sit around in one large circle on the floor. Give each one card on which is the name of a part of a car and give the rest of the cards with the name of something associated with a picnic.

Akela tells a story about going for a picnic. The car breaks down and as each part is mentioned the Cub/Bulbul stands up, sitting down quickly. When the "Tool Bag" is mentioned all the cubs stand up.

Cubs/Bulbul enjoy this if there is a good running story to make it interesting.

WORD BUILDING

Make up sets of cards with the name of your town, one letter on each (if your town has a short name select a longer one). Each group will be given a separate set of cards but the letters on each set are the same.

Give the Cubs/Bulbul 10 minutes to make as many words from the cards as they can. As soon as a word is made with the cards the Leader writes it down on paper. Each cub/Bulbuls must be given his turn at making words.

...Cub / BulBul Page..........................

Wet weather alternatives

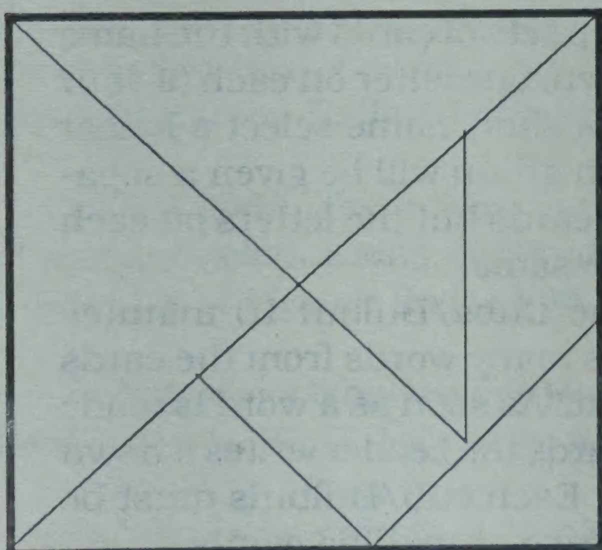

Do you ever write out the programme for Cub/Bulbul classes? Have you ever been to a class or a camp when it didn't stop raining all day — or all weekend !? If you can honestly say 'NO' to both of these questions then the following suggestions are not for you. (But then again, perhaps it's as well to be prepared.) So, here are some ideas for keeping Cup / Bulbul occupied inside with the minimum of equipment on a rainy day or weekend.

Indoor games

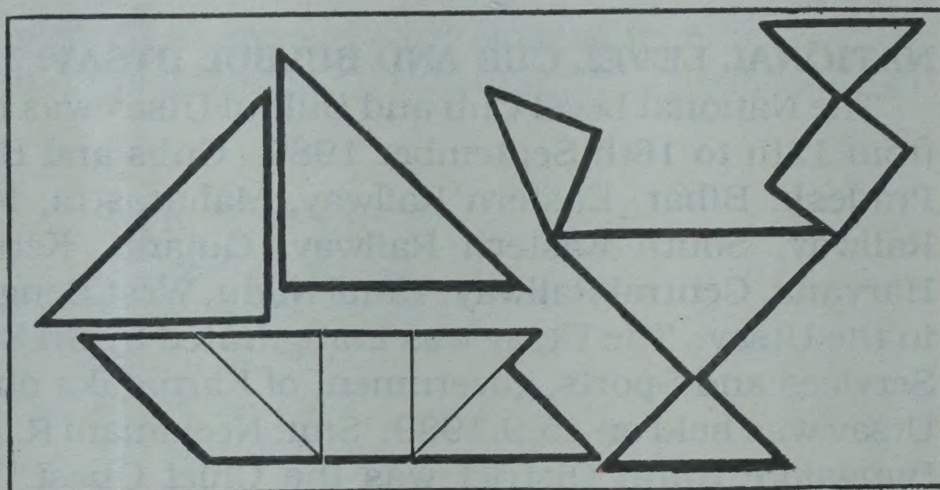

I am sure that every Akela has that box which stands in the den into which goes any equipment for games at classes or camps. For example:

- washing-up liquid bottles or plastic drinks bottles for skittles
- newspapers to make hockey sticks
- chess, draughts and similar games collected from friends or jumble sales
- marbles
- sheets of plain paper to make a tangram (an oriental puzzle).

To make a tangram, mark a piece of paper as shown in the diagram and cut along the lines.

The pieces of the tangram are used to make as many different pictures as possible. A couple of ideas are shown.

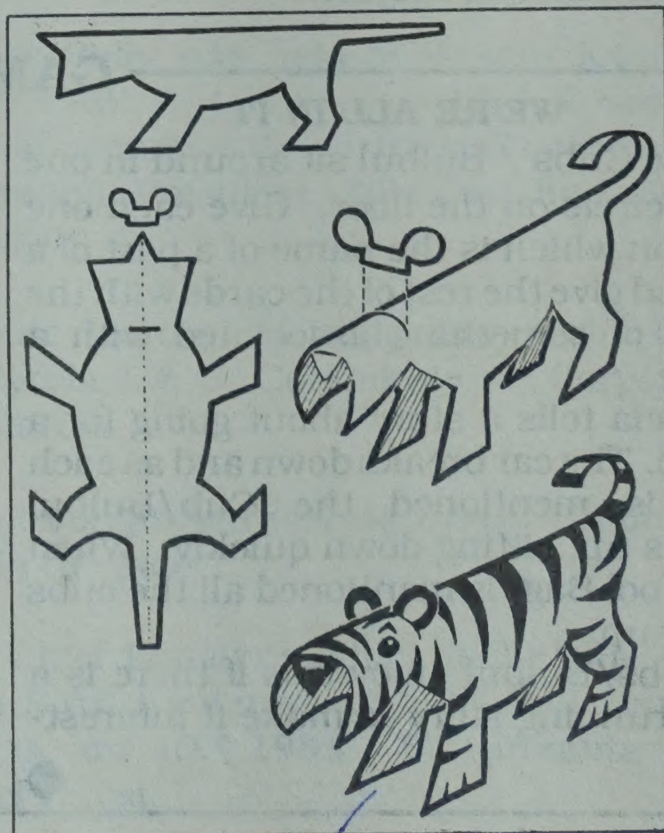

Art exhibition

The next box or crate which is essential for camp is that containing the art materials. This contains chalk, crayons, felt-tipped pens, paints and a variety of paper. To provide the inspiration to go with the materials, I recommend Tony Hart's series of books, which include The Art Factory. The ideas are far too numerous to list in detail but one which could be adapted to make a set of the Jungle Book characters is shown below.

Paper animals

Make a cardboard tamplete and draw both sides of the creature. Use cartridge paper or thin card for these. Paint with poster paint or colour with felt-tipped pens.

ಸ್ಥಳೀಯ ಸಂಸ್ಥೆಗಳಿಂದ ಸಾಕ್ಷರತಾ ಆಂದೋಲನ, ನೈರ್ಮಲ್ಯತಾ ಶಿಬಿರ

ಮುತ್ತಾನಲ್ಲೂರಿನಲ್ಲಿರುವ ಆನೇಕಲ್ ತಾಲ್ಲೂಕು ಸಂಸ್ಥೆಯವರು ಆಗಸ್ಟ್ ೧೨ರ ಶನಿವಾರ ಚಂದಾಪುರದ ಸ್ವಾಮಿ ವಿವೇಕಾನಂದ ಗ್ರಾಮಾಂತರ ಪ್ರೌಢಶಾಲೆಯಲ್ಲಿ ಸಾಮೂಹಿಕ ಸಾಕ್ಷರತಾ ಆಂದೋಲನ, ಆರೋಗ್ಯ ಮತ್ತು ನೈರ್ಮಲ್ಯತೆಯ ಬಗ್ಗೆ ವಿಶೇಷ ಶಿಬಿರ ಏರ್ಪಡಿಸಲಾಗಿತ್ತು.

ಜಿಲ್ಲಾ ಆಯುಕ್ತೆ (ಗೈ) ಶ್ರೀಮತಿ ಶಾರದ ಸೀತಪ್ಪ ಅವರು ಮಕ್ಕಳಿಗೆ ಸಿಹಿ ಹಂಚಿದರೆ ಡಾ॥ ಗೋವಿಂದ ರಾಜು ಬಹುಮಾನ ವಿತರಿಸಿದರು.

ಕರ್ನಾಟಕ ಸ್ವಾತಂತ್ರ್ಯದ ಮೂಲ ಉದ್ದೇಶ ಸಾಕಾರಗೊಳ್ಳುತ್ತಿರುವ ನಾಡು

ತಮ್ಮ ಸರ್ವಸ್ವವನ್ನೂ ರಾಷ್ಟ್ರಕ್ಕಾಗಿ ಸಮರ್ಪಿಸಿ, ಭಾರತ ಮಾತೆಯನ್ನು ಪರಕೀಯರ ದಬ್ಬಾಳಿಕೆಯ ತುಳಿತದಿಂದ ತಪ್ಪಿಸಲು, ಕಂಕಣಬದ್ಧರಾಗಿ ದುಡಿದ, ಬಲಿದಾನಗೈದ, ವೀರ ಯೋಧರಿಗೆ, 42ನೇ ಸ್ವಾತಂತ್ರ್ಯೋತ್ಸವದ ಈ ಶುಭದಿನದಂದು ರಾಷ್ಟ್ರವು ತನ್ನ ಶ್ರದ್ಧಾಂಜಲಿಯನ್ನು ಸಮರ್ಪಿಸುತ್ತದೆ. ಸತ್ಯ ಅಹಿಂಸೆಗಳನ್ನೇ ಆಯುಧವನ್ನಾಗಿ ಪರಿವರ್ತಿಸಿ ಸ್ವಾತಂತ್ರ್ಯದೆಡೆ ಮುನ್ನಡಿಸಿದ ನಾಯಕ, ಆತ್ಮ ಶಕ್ತಿಯ ಚೈತನ್ಯದ ಚಿಲುಮೆ ರಾಷ್ಟ್ರಪಿತ ಮಹಾತ್ಮ ಗಾಂಧೀಜಿ ಯವರಿಗೆ ಭಾರತ ತನ್ನ ಗೌರವಯುಕ್ತ ಅಕ್ಕರೆಯ ಪ್ರಣಾಮಗಳನ್ನು ಸಮರ್ಪಿಸುತ್ತದೆ.

ಯಾರ ಜೀವನ ಹಾಗೂ ಕಾರ್ಯಗಳೆರಡೂ ಪ್ರತಿಯೊಬ್ಬ ಭಾರತೀಯನಿಗೂ ಮಾದರಿಯಾಗಿದೆಯೋ, ಸ್ಫೂರ್ತಿಯ ಚಿಲುಮೆಯಾಗಿದೆಯೋ ಆ ಭಾರತ ಮಾತೆಯ ಅಮೋಘ ವೀರ ರತ್ನ ಭಾರತೀಯರ ಪ್ರೀತಿಯ "ಚಾಚಾ ನೆಹರೂರವರ" ಜನ್ಮ ಶತಾಬ್ಧಿಯನ್ನೂ ಭಾರತವು ಆಚರಿಸುತ್ತಿದೆ.

ಈ ಚರಿತ್ರಾರ್ಹ ದಿನದಂದು ದೃಢ ಸಂಕಲ್ಪರಾಗಿ, ಒಗ್ಗೂಡಿ ಭವ್ಯ ಕರ್ನಾಟಕ ಹಾಗೂ ಭದ್ರ ಭಾರತ ಕಟ್ಟೋಣ ಬನ್ನಿ.

ಕರ್ನಾಟಕ ಸರ್ಕಾರ--
ಜನಹಿತಕ್ಕಾಗಿ ಶ್ರಮಿಸುವ ಸರ್ಕಾರ
